THE PRIMARY.

THE OFFICIAL COUNT WILL TAKE PLACE MONDAY.

The Democratic county committee will meet Monday morning at the county court house to canvass the returns of Thursday's primary.

The official returns are in from everywhere except Melber. The result is as stated yesterday, but it will require the official count to decide the magisterial election in the Seventh and Eighth districts.

In the Seventh Ghoson on the face of the returns beats Hartley by six votes, but it is thought the official count will give it to Hartley.

In the Eighth Tapp apparently beats Bryan by 7.

The vote was about 500 greater than in the November election, and consequently much greater than expected, although not up to the registration.

Next Saturday the Democratic primaries in Marshall, Ballard and Carlisle will take place, which will wind them up in this district. The senatorial convention will follow.

Regular services at the Broadway Methodist church. Preaching by the pastor, Rev. G. W. Briggs, D. D., at 10:45 a. m. and 7:30 p. m. Subject for the morning, "The Crucifixion," night, "Why Lile." Sunday school at 9:30 a. m.

We want all the boys to bring their parents here.

THE RAILROAD.

SEVERAL MINOR CHANGES IN THE LOCAL ILLINOIS CENTRAL.

Forces—Business on the Road Good—Test Trains Develop Capacity of Freight Engines.

It is said that the Pennsylvania company's income is \$6 a second. This is equivalent to \$360 a minute; \$21,600 an hour; \$518,140 a day, or \$139,216,000 a year. The last named sum would pay the salary of Charles Schwab, president of the new steel trust, for about ninety-five years.

Work on the track elevation to be done jointly by the Chicago & Alton, the Illinois Central, and the Santa Fe companies in Chicago was commenced yesterday. There will be about four miles of joint elevation. The total cost, as approximated, is \$2,045,000.

Mr. George Warfield, who has been night ticket agent at the Illinois Central depot for several months past, will return to the freight office Monday, and Mr. Teoway, of the freight office, will be installed as night agent in Mr. Warfield's stead. The exchange is made because Mr. Warfield prefers the day job.

Trainmaster J. J. Flynn, of Memphis, arrived in the city this morning to spend Sunday.

The Illinois Central is building an 800-foot and 500-foot spur track at the tipple for the Paducah Coopers company.

Mr. Hardy Bryant has accepted a position at the Illinois Central scale office.

Mr. Jerry Corbett has resumed work in the freight department, after a several days' illness.

A pulling test of the freight engines on the Illinois Central road was made on the Memphis division at Fulton. The object was to determine the drawing power of freight locomotives on the steepest grade. The engine was at first overloaded and then the tonnage was removed until its normal pulling capacity was ascertained. The engines now in use on the Illinois Central have a pulling power of 800 tons. Superintendent Philbrick, Trainmaster Flynn and Master Mechanic Barton, the latter of Paducah, were on the train, which went from Paducah to Newbern.

Mr. W. A. Vantrees, who has been employed by the Illinois Central for the past seven years, leaves tomorrow for Jackson, Tenn., to work for another road. His family leave the last of the month.

Mr. Joe Sawyer, formerly a train dispatcher here, but who entered the ministry a few years ago, has returned to his first love, and is at work for the Illinois Central at Memphis.

Macaroni lunch at Lagomarsino's tonight.

PAUPERISM

The dread of the thrifty, the bane of any nation, is so easily prevented that there is small excuse for even the day laborer at small wages to ever reach the almshouse. For the well-to-do merchant or the man on a fair salary, it's a crime when life insurance is so cheap and the best companies offer so many good plans. Investment is a feature for the bachelor. See us about it.

BUSINESS WORLD

Easter Shopping Gives an Impetus to the Retail Trade, Which Is Very Good.

STUTZ'S FACTORY STARTED

Real Estate Trading Shows Marked Activity and Much Building Going On—Demand for Property, Good.

ALL THE BUSINESS NEWS OF THE WEEK

Some of the retail houses have enjoyed a good trade the past week, especially the dry goods and millinery people. The Easter shopping is a great event and the volume of the business this year is very satisfactory, notwithstanding the weather conditions have been very bad.

Mr. P. E. Stutz now has his candy factory all complete, save a few minor details, and has run some the past week. He was showing some of his stick product to the wholesale people today and everywhere it was shown he was complimented on it. His orders have been very satisfactory and the prospects are fine for a good business in that line. Mr. Stutz thoroughly understands the business.

The railroads report freight business heavy and passenger traffic also good. There is a good deal of local passenger travel and all trains are full of this travel as a rule.

The local dealers in dressed lumber are having good trade and look for fine business this spring. There is a good deal of building going on and much in prospect. The brick men will also have a good season. It seems to be the universal report from surrounding towns: "Lots of building and more to follow when the season is opened up good."

The banks report business fairly active, earnings satisfactory and deposits good. The volume of counter business was not so large the past week. Wholesale houses report their collections as very good. The clearings for the week were \$401,924.09.

TOBACCO.

The prices of most grades are about the same, the long leaf, however, is strong. The offerings the past week were satisfactory. Rejections were free but were afterward sold at private sales. Little loose tobacco is coming in but the rain will live things up some. Inspector Miller's report for the week is as follows:

Receipts for week, 196 hogsheads. Receipts for year, 1890 hogsheads. Offerings for week, 112 hogsheads. Rejections for week, 16 hogsheads. Private sales for week, 1 hogshead. Sales for year, 195 hogsheads.

REAL ESTATE.

(By W. W. JAMES.)
Market active, sales more numerous, and good demand for every class of property. First class business property for investment is wanted, but very little of it can be bought.

Inquiry for vacant eligible lots indicates activity this season in building, but the greatest demand is for cottage houses in good condition. This demand comes both from investors and home-seekers, and the supply does not nearly meet the demand.

As to small houses to rent the supply is wholly inadequate. Very few to be had and real estate circles flooded constantly with applications.

To sum it up the real estate situation is unusually satisfactory.

POLICE COURT.

ALLEGED BRASS THIEF HELD TO ANSWER THIS MORNING.

Will George, colored, charged with stealing brass from the Illinois Central, was held to answer in Judge Sanders' court today and went to jail in default of \$100 bond.

The Louis Hutchinson house breaking case was continued until Monday. Chas. Foster, colored, charged with creating a disturbance at Harry Anderson's saloon, was granted a continuance until Monday.

James Johnson was dismissed on a charge of drunkenness.

CITY PRIMARY.

DEMOCRATIC COMMITTEEMEN IN SESSION ONLY A SHORT TIME.

Chairman R. G. Caldwell called the Democratic city committee to order at 2 o'clock this afternoon in the city court room. All the members were present except Mr. Jake Seamon, who was there by proxy. There were few spectators.

The city primary was called for Friday, May 10, to be held under the law. There was no opposition.

Messrs. R. G. Caldwell, C. M. Leake, W. V. Eaton, Joe Potter, and Frank Diegel were appointed to arrange for the primary, and the meeting adjourned.

It was understood a plan to call a convention instead of a primary was ready to be carried out, but candidates discovered it yesterday and nipped it in the bud.

VISIT EVANSVILLE.

MARSHAL COLLINS AND OFFICER POTTER TAKE A TRIP OF A FEW DAYS.

Marshal James Collins had on a new hat today. Whenever he has on a new hat, he is known that he is going somewhere—somewhere outside of Paducah to enjoy himself.

The marshal said he won the hat on the election. But no matter where the hat came from, Marshal Collins and Officer Tom Potter leave this afternoon for Evansville, to spend a few days with Chief of Detective Lehnhard, and do a little private detective work on the outside.

Deputy Marshal Frank Harlan will be acting marshal during Marshal Collins' absence.

PATENTED A COMB.

A COLORED WOMAN OF PADUCAH RECEIVES PATENT PAPERS.

Necie Emery, wife of Tom Emery, colored, the East Court street saloon keeper, is the first colored woman in Southwest Kentucky if not the entire state, to be granted a patent.

As a result of her experience as a hair dresser she has invented a curling comb, which curls straight hair, or makes kinky hair straight. It resembles a miniature curly comb, and is heated before use. A small contrivance on one end imparts a gloss to the hair.

The patent papers were received yesterday. The inventor will dispose of the patent to a firm that will manufacture them.

CATARH CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lin-

ing of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars to any case of deafness, caused by catarrh, that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

DOWN WITH DEMAGOGUERY.

When it becomes necessary to preach anarchy to win nominations, politics in this country is fast becoming detrimental to the business interests, and when class is arrayed against class, labor arrayed against capital, it behooves the thinking people to stop and reflect where such preaching and practice will eventually lead them.

When thrift and capital is assailed, when dishonesty is applauded and men are encouraged to practice it and thereby become dead beats, the community is reaching that plane when capital will hesitate, and honest merchants will leave.

When candidates encourage the vicious to procure the goods and chattels and live in the houses of others, or eat up their products and defraud the storekeeper or landlord out of their just dues, anarchy is in the saddle and government becomes a farce.

Business men and men of financial interests in the community pay too little attention to politics, the office seekers stop at nothing to secure their aims, they unscrupulously lead the less intelligent element and by arousing their prejudices, injure the welfare of the business community irreparably.

It behooves the men who have the building and maintenance of this community upon their shoulders to think well over this matter, when business is assailed, when the commercial interests are crippled, the very foundation of prosperity is assailed, and sooner or later the men who are now furnishing the energy, brains and money that is essential to the prosperity of all communities will seek fields where reason predominates, and anarchy is an unknown factor.

The brilliant success of General Funston in capturing Aguinaldo shows that while great crisis develop heroes and statesmen the opportunity for distinguishing one's self is often times the work of the individual himself.

The story of the career of General Funston indicates that he is a firm believer in the strenuous life and that he is endowed with those qualities that can make a momentous occasion out of the most trivial circumstances. Thus as schoolboy, as city editor of a Topeka paper, as railroad conductor, as government botanist in Alaska, as filibuster in Cuba and as volunteer officer in the Philippines, he has in each and every case distinguished himself as a man of great strength of character and personal courage. He possesses an unusual degree those qualities without which the greatest success cannot be attained. He is quick to discern opportunities, prompt in forming plans and in putting them into execution. The young man of today looking for a hero can find much in the character and disposition of General Funston worthy of emulation.

President McKinley can be trusted to see that General Funston is adequately rewarded for his brilliant service notwithstanding the fact that he did not graduate from West Point and is therefore not quite as aristocratic as the graduates of that academy imagine themselves to be. As sometimes happened in the Roman circus General Funston is under the protection of the people and his reward will be commensurate with his services.

The action of the court of appeals in granting new trials to Caleb Powers and Jim Howard will bring that \$100,000 corruption fund into evidence again—that is if there is any of it left. It is doubtful whether as versatile witnesses as Robert Noakes and Finley Anderson can be found for the new trials.

The City of Memphis, from Tennessee river, arrived at 4 o'clock this morning with a big tow and departed at 6 a. m. for St. Louis.

The towing steamer Harry Brown from New Orleans, had in her tow three Huntington and St. Louis model barges containing sugar, one of which, the Hannibal, was unloaded at Louisville. Each barge is over 300 feet long and contains 4,000 barrels of granulated sugar, and billed to be worth \$50,000 per cargo.

The excursion boat "Island Queen" leaves Cincinnati Monday night for the south.

The big towboat W. W. O'Neill broke her rudder below Memphis and had to go back to that city for repairs.

Colonel Will S. Hays, the veteran river editor of the Louisville Courier-Journal, who has been ill, is improving rapidly and will be out in a few days.

Corn is on the move, which is evidenced by the large number of corn sacks that are being shipped down the river.

The five deck side wheel excursion steamer Island Queen will give an excursion on the 10th of April under the auspices of the B. P. O. E., of this city. This excursion will eclipse any river excursion ever made below the falls and will undoubtedly be patronized by several thousand people. The Island Queen has comfortable capacity for 6,000 people, so you can imagine something of her colossal proportions.

The City of Clifton leaves St. Louis at 5 p. m. today for Tennessee river. There are two large barges on the docks undergoing repairs. The Key City is still on the ways.

The towboat T. H. Davis passed Louisville yesterday on her way here. She will get another tow of lumber in the lower Mississippi for Cincinnati.

That was a false alarm regarding the Hudson being due here this morning, as she never left Cincinnati until today.

The Sunshine left Cincinnati for Memphis last Thursday. She will report here tomorrow morning and has considerable reshipping freight for Nashville and Chattanooga.

The Tennessee leaves for Waterloo, Ala., and all Tennessee river way landings at 5 p. m. today. Capt. King Hale in command.

Mr. Saunders Fowler left yesterday on a business trip to Evansville. He will return home tomorrow.

The Avalon is due tonight from Chattanooga. There is enough freight here to load a boat twice her capacity for the upper Tennessee.

The City of Pittsburgh is due tonight from Memphis. Capt. Phillips wires his agent here that he will take all freight and people offered. He will get a big lot of freight for Cincinnati.

The John S. Hopkins, from Evansville, arrived and departed on return trip today with good business.

The Jacob Heatherington departed for Cumberland river this morning with empties to be loaded with ties.

The Dick Fowler, the lightning express packet, cleared for Cairo on time this morning with a good trip of people.

The H. W. Buttort left Nashville today at noon and will arrive here tomorrow night.

A Grand MILLINERY DISPLAY OF EASTER HATS Now on Exhibition!

Hundreds of well pleased ladies remarked (Thursday and Friday, opening days):

"These are the most beautiful hats in the city," Such has been the verdict of those who appreciate elegance, style and quality combined. It's a great showing of new fads and fancies. Over there is a clever CONCEIT. This one is ARTISTIC ELEGANCE. That one is a WINNING NOVELTY. Here are two special HIGH CLASS SPECIALS. See how this one is distinguished by its superiority of design and its finishing touches.

Look at that table of attractive and popular priced beauties, and who can doubt that they will be quick-selling and very taking ideas. You'll find us prolific in designing and making other hats for Easter that will be artistic surprises.

Don't delay the coming. Make your Easter choice early. Our work tables are sure to be overrun with orders, but we will manage to not disappoint you if you don't put off the buying too late.

Most ladies know that this store is not only the origin school and birthplace of the most artistic and refined millinery in Paducah, but makes prices so low that no one need go without a beautiful hat.

READY-TO-WEAR.

What about a Cap Suit, Separate Skirt or Silk waist for Easter?

We will make some special Easter prices this week. It is an opportunity to save two to five dollars on coat suits. Easter kid Gloves, 69c to 98c a pair.

Closing Out Sale

Our doors are open at retail prices to close out our large stock of

Glass and Queensware, Lamps, Enameled and Tinwares.

We reserve no part of it, but put everything under the hammer. Our entire business is to be changed, and to carry out our plan we must get rid of our present stock, and do it quickly.

A personal inspection is necessary if you are to know the kind of prices we are making. We can only quote a few in this space:

One lot of short dinner sets at \$2.50 per set. Full 35-piece dinner sets as low as \$3.95 each. Full 100-piece dinner sets as low as \$4.00 each. Genuine China 100-piece dinner sets at \$10.95 each. Haviland China 100-piece dinner sets at \$22.75 each. Chamber sets as low as \$1.75 per set of ten pieces. Tumblers, per set of 6, at 8c, 12c and 15c. Goblets, per set of 6, at 15c, 20c and 25c. Syrup Stands, nickel tops, at 10 cents.

Steel Enameled wares are sold at prices of ordinary Tinware in many instances. This is a line of seconds, limited in quantity. Advertisements cost money, and to enumerate the entire list would entail an item of expense that a "no profit" sale would not justify. You will have to come to see us if you would know the extent of this sale.
